SONIC THE HEDGEHOG

MEGA MAN

PART TEN

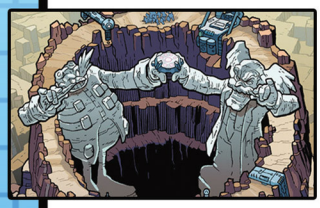
Sonic is the fastest, coolest hedgehog there is. He is free as the wind, and fights against the evil ambitions of Dr. Eggman!

Mega Man is a super fighting robot built by Dr. Light to protect his home and family from the evil forces of Dr. Wily.

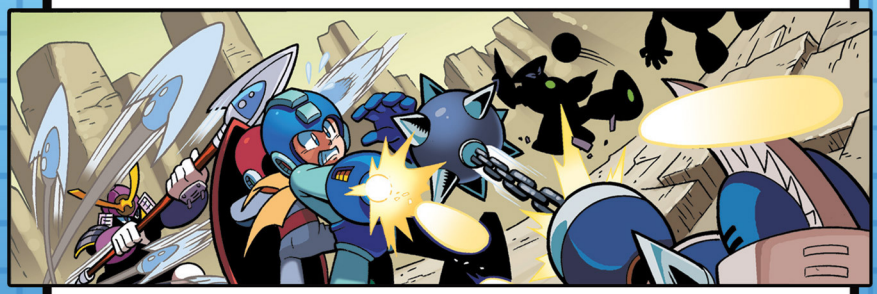
PREVIOUSLY...

THE WAR FOR THE WORLDS HAS BEGUN!

Through the evil schemes of Dr. Eggman and Dr. Wily, both Sonic the Hedgehog's world and Mega Man's world have been rewritten with the Genesis Wave! The blue blur and the blue bomber joined forces to invade the mad doctors' "Skull Egg Zone", restore both universes, and put an end to the doctors evil scheme once and for all!



With their forces united, Sonic and Mega Man's teams headed for the Wily Egg battle fortress, only to find an army of time-cloned robot masters blocking their path!



Meanwhile, Dr. Light had collaborated with Rouge the Bat to weaken the Wily Egg from the inside! Dr. Eggman realized that Dr. Light was still a potential threat, and decided to be rid of him once and for all!

Thrown out of an airlock by the evil Metal Sonic, Dr. Light plummets to his doom! Miles separate Mega Man from his father, and time has run out...
